Terms and Conditions of Sale – Retail Customers

Desk Warranty Conditions

We stand behind the high quality of all our solutions. Each **Sit-Stand.Com**® product is covered by a limited warranty, longer than other online brands. We go further to ensure you our customers can be confident that they are buying excellent after sales care and support.

1. What is covered?

- A. **Desk frames:** frames, electronics, and motors. We cover any defects or malfunctions in the desk frame including the motor, metal/aluminium components, controller, switch, electronics, and mechanisms.
- B. **Desk tops:** we cover any desktops that are rendered unusable as a result of a manufacturer's defect or damage in shipping.
- C. **Accessories:** we warrant that our accessories are free from any defects in materials or workmanship.

2. What is not covered?

- A. This warranty does not cover any problems which result from improper set-up, unauthorized modification, normal wear and tear, abuse, or *force majeure*, such as hurricane or floods.
- B. In instances where we have sold the product to you, but we have not completed the installation of the product, then you are responsible for completing the repairs. This includes where you have dismantled the desk or have moved it to another location. In such cases, we will send you any spare parts which could be required, if the fault issue is reported within the warranty period.
- C. Imperfections that occur naturally, such as those sometimes found in reclaimed or solid woods, do not qualify for repairs or replacements. Regardless of how carefully you use, or how well you care for your desktop, it will eventually begin to show age and wear.
- D. Also, consequential (the cost of repairing or replacing other property damaged in the event of our product malfunctioning) and incidental (loss of time, loss of use) damages are not recoverable under this warranty.

3. How long does the coverage last?

Coverage begins on the day you receive your order, warranted to the original owner only, and lasts the full term of time period listed below.
