The Swopper range enables movement, for dynamic, active sitting. The Swopper has won many awards for design and function. Its primary benefit is that it provides healthy active sitting.
When you sit on it. You move.

- **Active Sitting:** Swopper enables movement, for dynamic, active sitting.
- **Encourage Movement:** The Swopper has won many awards for design and function.
- **Innovative Technology:** Its greatest reward is that it encourages regular activity.
