BenchPro

Up/Down DeskPro Series

A growing body of medical evidence supports the case for sit-stand working, but the benefits extend far beyond employee health. Sit-stand working can transform your business, and help you recruit and retain talent. Up/Down DeskPro Series is a highly affordable range that is bringing sit-stand working to the masses. Push button, electronic height adjustment from 63cm - 128cm, flexible frames, available in a variety of desktop finishes or we can recycle your existing desktop to save money. Time to get started?

- The electronic motor allows you to raise or lower the height of the desk at a press of a button
- We can also RECYCLE your existing desktops
- Custom coloured desktops are also available
- Energy consumption is very low
